## FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT 2009-2010 AWARDING POLICY

The purpose of the Federal Supplemental Educational Opportunity Grant (FSEOG) Program is to provide grants to exceptionally needy undergraduate students who have not received a bachelor's or first professional degree - to help pay for their postsecondary education. All such students are eligible to apply for the grant, regardless of enrollment status or dependency status.

The institution ensures that FSEOG funds are reasonably available to all eligible students (to the extent of available funds) who demonstrate financial need. Funds are reserved throughout the year to ensure that no advantage exists for students enrolling early in the award year as opposed to those enrolling later in the award year. To this end, the institution has established and published deadlines throughout the award year that students must meet in order to be considered for the grant.

### **Application Procedure:**

Students make application by submitting completed 2009-10 FAFSA data and meeting with the Financial Planning Office by the published deadline. The deadlines are as follows:

Continuing Students in 095 and 096 .....	May 22, 2009
New Students in 095 and 096.....	May 22, 2009
New Students in 097 and 098 .....	August 21, 2009
New Students in 101 and 102 .....	November 20, 2009
New Students in 103 and 104 .....	February 26, 2010
New Students in 105.....	May 22, 2009

### **Selection Procedure:**

Students who meet the deadline are evaluated as to which of the following selection groups they belong:

*First Selection Group* - those who have the lowest Expected Family Contributions who are also eligible to receive Federal Pell Grants in award year 2009-2010.

*Second Selection Group* - those who have the lowest Expected Family Contributions who will not receive a Federal Pell Grant in award year 2009-2010.

Awards are made first to the First Selection Group and then to the Second Selection Group, as funds allocated for the quarter allow. In the event additional funds are received by the institution or funding remains to be allocated after the application of the procedures above, the institution may award SEOG to students who did not meet the filing deadlines above, but who were otherwise eligible.

### **Timing of Disbursements:**

Disbursements are made quarterly.

### **Award amounts:**

Awards are made in the amount of \$750.00 per quarter- max \$3000 per award year

### **Award Notification Method:**

Students are notified as to their award amounts via the Award Worksheet form.
